## JULY HISTORY...

July was originally the month of Quintilis in the Roman calendar. It was the 5th month of the year until January & February were added in 450 BC. It got its original name from the Latin word for 5th. Later the name was changed to Julius in honor of Emperor Julius Caesar.

## JULY FUN FACTS...

- Until the 18th century, the word July in English had the stress on the first syllable and rhymed with duly or truly.
- No month ends on the same day of the week as July unless it is a leap year, when January does so.
- Although 6 months have passed, July 1st is not the mid-point of the year. The exact halfway point comes at 1pm EST on July 2nd in a non-leap year.

"My Toyota 4-runner was running rough and wobbly, even at a slow speed and I was afraid that it was going to be the drive train. The Pros at One Stop diagnosed it and the two front tires (from 2002) were both rotted and split and it was much more affordable to fix then I first thought. One Stop always gives you a fair diagnosis and estimate and is never creatively finding things wrong with your vehicle." - **Lamont Earles**

## 4TH OF JULY FUN FACTS!

With 245 years of tradition behind it, the 4th of July is one of America's most cherished holidays. It's when we celebrate our nation's birth with a day off, a backyard barbecue, & plenty of fireworks. But with all that history, you'd be forgiven if you didn't know quite everything about celebrating on July.

### THERE ARE AROUND 15,000 INDEPENDENCE DAY FIREWORKS CELEBRATIONS EVERY YEAR

According to the American Pyrotechnics Association, around 15,000 fireworks displays will take place for the 4th of July holiday. Though pricing varies, most small towns spend anywhere from \$8-15,000 for a fireworks display, with larger cities going into the millions.

### WE'LL EAT AN OBSCENE AMOUNT OF HOT DOGS

Around 150 million, to be more specific. According to the National Hot Dog & Sausage Council, that amount of dogs can stretch from Washington D.C. to Los Angeles more than 5 times.

### AND WE'LL SPEND BILLIONS ON FOOD

Americans will spend big on food & drinks this 4th. Big to the tune of around \$7.1 billion when all is said & done, according to the National Retail Federation. Then comes the booze. The Beer Institute estimates that Americans will spend around \$1 billion on beer for their July 4th celebrations, & more than \$450 million on wine. Can you say, "Red, white & blue solo cup?"

## TOTALLY TRIFLING TRIVIA!

WHEN WAS THE LAST TIME THE LIBERTY BELL RANG?

The Liberty Bell was the idea of the Pennsylvania Assembly, who had it made in 1751. Its purpose was to mark the 50th anniversary of the 1701 "Charter of Privileges" by William Penn. The last time the Liberty Bell rang was on February 23, 1846. It rang that day to mark George Washington's birthday. The ringing stopped because a major crack formed. Prior to this, the Liberty Bell tolled for the deaths of such historic figures as Washington, Benjamin Franklin, Thomas Jefferson & Alexander Hamilton
