April 2021

About April...

In the initial Roman calendar April was the second month of the year until January & February were added in 700 BC. It is thought that the name April comes from the Latin word "to open" & describes the trees opening at springtime.

April Days & Dates

- 4/1 – April Fool's Day
- 4/2 – Autism Awareness Day
- 4/4 – Easter Sunday
- 4/21 – Administrative Professionals Day

Manager's Minute

The 2021 Daytona Road Course

We here at 1 Stop Car & Truck repair were extremely honored to be chosen as the honorary pit crew member for the Chase Elliot NAPA car at the 2021 NASCAR Daytona Road Course race. Chase mentioned our shop in a pre-race interview & we also had our shops name on the rear ¼ panel of the car. I was able to attend the race & it was super exciting. Chase dominated the entire race however someone "got into him" within the last few laps which ruined his chance to win. You can see the before & after pics of our shops name. We appreciate being honored by Chace Elliot & NASCAR as we are all big fans. I have posted the video where he mentions our shop on our Facebook page. Be sure to go & check it out.

Until next month, keep smiling,
Matt Owen

BEFORE

AFTER

Thanks for the Kind Words!

"Although we were new customers, having moved to Venice last fall, we were treated as long time customers. We were called by 1Stop before our appointment to make sure they had all the information they needed to service our vehicle, were checked in immediately upon arriving, the vehicle was serviced in a timely manner, and there were no unexpected charges in the final bill. They are an AAA approved service center, and there's a reason. Brake issue repaired very professionally." - **Laurie Schleiger**

"Excellent work at a fair price." - **Bill Laughlin**

"1 Stop really know what they are doing! My 2011 Avalon rides like a new car! They went above and beyond my expectations and have earned a new customer!" - **Nancy Bailey**

"1 Stop is the best car service and employees I have ever had. I have been with them 16 years. They are honest, courteous, prompt and reliable. My car has had the best upkeep, and due to 1 Stop-is in great shape. The newsletter and discounts are great. You can't go wrong having your car taken care with 1 Stop." - **Staci Anderson**

"Brake issue repaired very professionally. Appreciated personal attention even for a first-time customer." - **Dale Rust**

"Very good mechanics. Honestly, the best shop I've found in Venice. They check your vehicle for factory warranties and recalls. They tell you up front what your car needs before performing work." - **John Hallowell**

"Charles was VERY helpful and thorough with his explanations of the work I needed/ need done to my jeep and he was also very patient with me. They were able to do a lot of work on the day of my "drop off" appt. so efficiency was great. And they had it done THAT day before close of business. I'm happy I went with 1Stop. Thank you for your excellent care of my jeep." - **Jen Allen**

"Up front and honest." - **Alex Windrem**

"Excellent service as always." - **Elbert Murphy**

"One-Stop, as usual, had my car in the bay to change my oil and replace my oil filter within three minutes, had a nice area outside to sit, and some outstanding (restaurant like) coffee to sip on while I was waiting. Their personnel was courteous as usual and I got out of there in about a half hour. As Arnold once said, 'I'll Be Back!'." - **Jay Goodley**

"Each time I bring my car into 1-Stop, I'm reminded how glad I am that I started bringing my car there. While the issue today was a minor one, when I called I was told I could drop my car off later that day. I like that the same people are working on my car each time I bring it there and I've gotten to know each of them. Matt and Charles are both amazing, and so helpful...and honest. I was initially aware of 1-Stop through AAA reviews. There are other shops of course in Venice, but I highly recommend 1-Stop, and I'm quite confident you will too once you go there." - **Donna Francati**

"The people are very friendly, helpful and quick getting the job done. My car barely turned over because of a battery problem. When I came in at 8:00 they did a free battery check (the battery was bought at another car repair place). They suggested going back to them and getting some money back on that. I wasn't happy with the other repair shop and was glad to have One Stop put in a new agm battery in. By 9:10am they were already finished and gave some tips on ways to have a car battery in Florida last longer. They are a great place to go to get the job done right." - **Mike C**

"All work was thorough, professional and on time." - **Larry Thayer**

"5 Stars. Work started and finished on time. I worked with Charles the service advisor everything was smooth. I recommend 1 Stop for anyone looking for a great auto repair shop." - **James Toussaint**

"Good service, friendly smiles, and good recommendations for future service." - **Bruce**

"It's all good. Always have great service from these guys." - **Patty & John Lauer**

"All staff are pleasant knowledgeable and friendly." - **Ray Martin**

"Excellent service stop. Highly recommend." - **Carl Teeter Jr.**

"Quick, professional service. In and out!" - **Cullen Cameron**

APRIL 22ND IS EARTH DAY

Each year, Earth Day marks the anniversary of the birth of the modern environmental movement in 1970.

At the time, Americans were slurping leaded gas through massive V8 sedans. Industry belched out smoke and sludge with little fear of legal consequences or bad press. "Environment" was a word that appeared more often in spelling bees than on the evening news. Although mainstream America largely remained oblivious to environmental concerns, the stage was set for change by the publication of Rachel Carson's New York Times bestseller "Silent Spring" in 1962. The book represented a watershed moment, beginning to raise public awareness and concern for living organisms, the environment, and links between pollution and public health. Earth Day 1970 gave voice to that emerging consciousness, channeling the energy of the anti-war protest movement and putting environmental concerns on the front page.

Today, the fight for a clean environment continues with increasing urgency. To learn more, visit the Earth Day Network website at www.earthday.org!

YOU DESERVE A TAX BREAK!

Taxes are due on April 15th.
