MLK DAY

OF SERVICE

Legislation signed in 1983 marked the birthday of the Rev. Dr. Martin Luther King, Jr. as a federal holiday. In 1994, Congress designated the holiday as a national day of service & charged the Corporation for National & Community Service (CNCS), the federal agency that leads service & volunteering, with leading this effort. Each year, on the 3rd Monday in January, the MLK Day of Service is observed as a "day on, not a day off." MLK Day of Service is intended to empower individuals, strengthen communities, bridge barriers, create solutions to social problems, and move us closer to Dr. King's vision of a "Beloved Community."

NOW YOU KNOW...

Danish immigrant Christian Kent Nelson, a schoolteacher & candy store owner, claimed to have received the inspiration for the Eskimo Pie when a boy in his store was unable to decide whether to spend his money on ice cream or a chocolate bar. After experimenting with different ways to adhere melted chocolate to bricks of ice cream, Nelson began selling his invention under the name "I-Scream Bars". He filed for a patent, issued on January 24, 1922, and secured an agreement with local chocolate producer Russell C. Stover to mass-produce them under the name "Eskimo Pie" (a name suggested by Mrs. Stover). By the end of the year, Eskimo Pies were being sold at rate of 1 million a day. The Eskimo Pie is still around today, a testament to the vision of Christian Nelson more than 80 years ago!

5 Stars Reviews...

"I highly recommend 1 Stop Car & Truck Repair. I originally went to another repair place which took a couple of hours for them to find the codes they found from the check engine light staying on. They charged for finding the codes, but said the guy who could check further into what the codes meant wouldn't be in for a couple of days. I then called a couple of days later, and the other repair place said they don't feel like finding out what the problem was. I then went to 1 Stop Car & Truck Repair, and in a short time they checked the codes & found that the secondary battery had loose connections, test drove the car & the problem was fixed. They are a good place to go for repairs they take you to the car & explain what happened."

"Always service I can trust, done professionally & timely. Had bad experiences with the dealer & switched to local, quality service. Never disappointed."

-Bob Turner (12/2/2019)

"1Stop has become my go to place for everything from oil changes to major repairs!! I always know what needs to be done before they do it & the cost. Matt is wonderful & always has a smile on his face. Everyone there treats you like family!"

-Marcia Burns (12/2/2019)

"Reliable & fast..." -Tyler Murner (12/2/2019)

"I have owned many "premium" automobiles where the dealerships tout their service experience as "truly awesome" but none of these places can match the service Matt & the crew provides here. All are genuinely interested in getting your car back on the road in perfect shape. I once came in for a flat tire repair & they noticed that my driver's door was squeaking & without asking they applied lube to quiet it & make it move more freely. Outstanding!"

-Frank Monti (11/21/2019)

"Quick & professional services." -Don Powell (11/21/2019)

"Great service, got in & serviced without an appt, very reasonable price." -Bruce (11/21/2019)

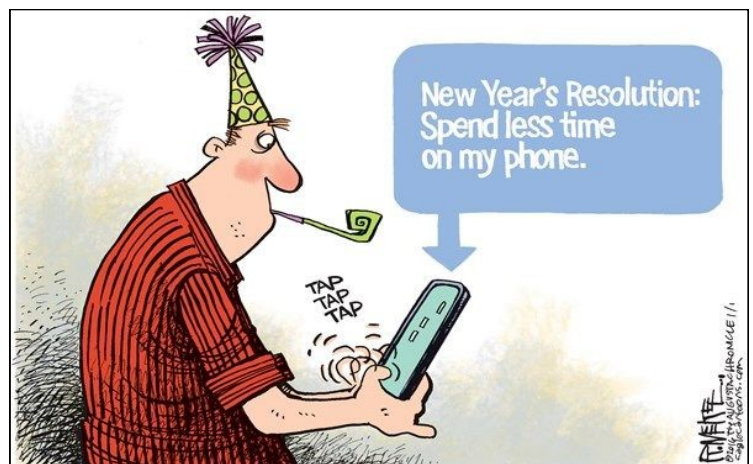

"As always you are #1 in my book. Always pleasant & efficient. Keep it up. Thank you..." -Lyly Wilson (11/19/2019)

"Service was fast courteous. Professional approach to diagnosing a check engine light signal on the dash. Cost was very fair & reasonable. Great place to take the car you love!!!"

-Tom Rugh (11/17/2019)

"Not inexpensive, but very, very reliable & honest. Like the old saw goes... 'Good work isn't cheap & cheap work isn't good.'" -Robert Saul (11/13/2019)

"Excellent & timely service, as always." -Bob Bennett (11/12/2019)

January 11th is National Milk Day!

Here's a few jokes to help
 "moo-ve" you to laughter...

Two cows were in a field
 eating grass. One cow

turned to the other & said, "Mooooooo!"
 "Hey", replied the 2nd cow, "I was just about
 to say the same thing!"

Q: What do you get if you cross an angry sheep
 & an upset cow? A: An animal that's in a
 baaaaaaaad mooooooood!

Q: What do you get when you cross a cow & a
 duck? A: Milk & Quackers!

Q: What do you get from a forgetful cow?
 A: Milk of amnesia!

Q: What do you get from pampered cows?
 A: Spoiled milk!

Did you hear that NASA recently launched a
 bunch of Holsteins into low Earth orbit? Yeah,
 they called it the Herd Shot 'Round The World!

WHAT IS THE AVERAGE AGE OF A
 "DEDICATED QUILTER" IN THE U.S.?

ANSWER • 63 YRS OLD

**JANUARY IS
 NATIONAL
 HOBBY MONTH!**

Quilting as an art form & hobby is a \$3.7 billion per
 year industry in the U.S. Estimates put the number of
 quilters in the U.S. at 7 to 10 million. The average age of
 these dedicated quilters is 63 and most are female.
 Dedicated quilters make up over 72% of the spending in
 the industry. The average quilter has at least 19 years'
 experience. Social media & websites have played a
 tremendous role in the expansion of quilting as a hobby
 & art form over the past few years. Source: Quilts.com

WINTER

Car Care

There's No Need to 'Warm Up' Modern Vehicles in Cold Weather

It's that time of year when many motorists wonder if they need to let their vehicle "warm up" or idle before driving. In fact, today's modern cars are ready to drive in cold temperatures without excessive idling, says the non-profit Car Care Council.

The idea of idling before driving dates back to when cars were built with carburetors. With new fuel-injection technology, complex computer systems & thinner synthetic oils, drivers don't need to warm up their cars before hitting the road.

According to the Environmental Protection Agency, "When a car idles for more than 30 seconds, it has several negative effects, such as increasing air pollution unnecessarily, wasting fuel & money, and causing excessive wear or even damaging a car's engine components, including cylinders, spark plugs & the exhaust system. Contrary to popular belief, idling isn't an effective way to warm up most car engines."

"Unless you are trying to defrost the windshield or warm the interior of your car, idling is not required for today's vehicles," says Rich White, Executive Director, Car Care Council. "The best way to warm up your car's engine is to drive gently at the start. Remember, a vehicle gets zero miles per gallon when idling & the result is lower fuel economy & wasted money."

The non-profit Car Care Council has a free 80-page Car Care Guide for motorists that features several pages of fuel economy & environmental awareness tips.

Available in English & Spanish, the popular guide uses easy-to-understand everyday language rather than technical automotive jargon, fits easily in a glove box & can be ordered free of charge by visiting

CHEDDAR CHEESE POPCORN!

Here's a tasty recipe that's super easy to make. And when you consider that January 19th is National Popcorn Day & the day after is National Cheese Lover's Day on the 20th, well this just makes too much sense!

Level: Easy • Prep Time: 5 min • Yield: 4 servings

Ingredients...

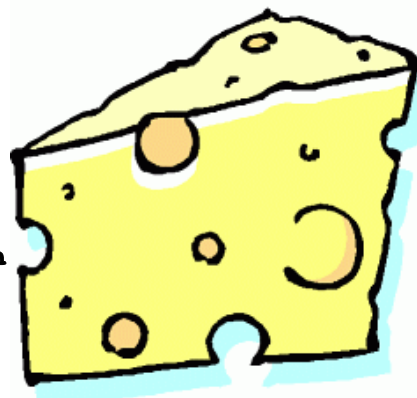

- 3 tablespoons melted butter
- 1/4 cup cheddar cheese powder, plus 1 tablespoon
- 1/4 teaspoon mustard powder
- 1/4 teaspoon cayenne pepper
- 4 cups popped popcorn
- Salt & pepper

Directions...

In a large bowl, combine the butter, cheddar cheese powder, mustard powder, cayenne pepper & the popcorn. Season with salt & pepper to taste & toss to combine.

Serve immediately.
