**"Fantastic honest service. Nice people. Safe in these times. Thank you." -Karl Karins**

**"Regular service. They found two issues that needed to be resolved. They fixed those issues and I was on my way. 1 Stop does spend a bit of extra time to give your vehicle a good visual inspection. I am impressed at their attention to Covid 19 issues and cleaned up the car as well as the public areas. I'll be back." -Gregg Wiitala**

**"I found everyone at your store to be very friendly and helpful. The work was done in a timely manner and very professionally. I would highly recommend anyone to have their vehicle serviced or repaired at 1 Stop. GO BLUE!!" -Frank Zielinski**

**"First time at 1 Stop and very impressed by the personnel. They explained everything before the work began and the bill matched what they said." -John Bragg**

# Manager's Minute

**WE WILL REMAIN OPEN M-F 8-3...**

Our thoughts and prayers are extended to those affected by Coronavirus (COVID-19). Our most sincere thanks & appreciation go out to the 1st responders, members of the military, healthcare professionals, and

community leaders as they work together to so bravely guide us through this challenging period. In an effort to contribute to the solution, and also ensure the safety of our most valued guests, our associates, and our community, 1 Stop Car & Truck Repair has instituted the following policies:

- **OUR PEOPLE:** We are constantly communicating with our entire team to make sure that they have all of the latest information they need to stay healthy. Our team is required to wash and sanitize hands regularly. If not feeling well, we mandate that staff stays home.
- **OUR GREETING:** While it is normally our policy to greet guests with a handshake and a smile, we are taking preventative measures against spreading illness of any kind. Such measures include suspending handshakes & physical contact with others.
- **OUR FACILITIES:** While we always maintain a meticulous facility we are stepping up our efforts to now utilize sanitizing procedures to disinfect anything that we come into contact with such as steering wheels, keys & fobs, gear shifters, doors, handles, hood release knobs, as well as providing gloves to all of our staff & for any customers that wish to have them for use while at our facility.

Our inside & outside waiting areas have been & will continue to get disinfected regularly to ensure everyone's well being.

At this time, as we all know, information is changing sometimes by the minute & we will continue to keep you updated in the event that our hours of operation change. However, we are committed to keeping your vehicles on the road through this challenging time & are committed to help our community in any way we are able to do so for as long as we are permitted to do so.

## REMEMBERING THOSE WHO SERVED!

**FIRST  
RESPONDERS  
TOO!**

# Totally Trifling Trivia!

**WHEN DID MOTHER'S DAY BECOME AN OFFICIAL U.S. HOLIDAY?**

**Answer • 1914**

Holding celebrations to honor mothers is traceable back to the ancient Greeks & Romans.

They held annual festivals in honor of the mother goddesses Rhea & Cybele. The celebration closest to modern times that may have spawned what's become traditional Mother's Day is the early Christian celebration

known as "Mothering Sunday." The holiday originally fell on the 4th Sunday in Lent in the U.K. & parts of Europe. The custom faded over time eventually re-emerging in popularity as the American Mother's Day in the 1930s & 1940s. It was officially declared a U.S. holiday in 1914, however. Source: History.com

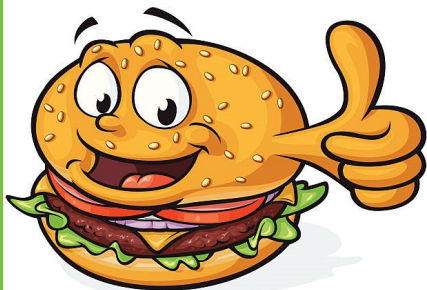

## 9 BURGER FUN FACTS

In honor of National Hamburger Month, we thought that we'd throw a little education your way. Here are a few fun facts about the hamburger...

- Hamburgers got their name from Hamburg, Germany where a cut of beef called the Hamburg steak is from. This evolved into what we now know as the hamburger.
- During WWI, the US Gov't tried to rename hamburgers as 'Liberty Sandwiches.'
- In 1921, Walter A. Anderson (a short order cook) and E.W. Ingram (an insurance exec) founded White Castle, the oldest burger chain, in Wichita, Kansas. Their first burger sold for a nickel.
- The Big Mac was introduced in 1968 and sold for 49 cents.
- Americans consume 13 billion hamburgers a year, enough to circle the earth 32 times.
- Black Bear Resort Casino, located in Minnesota, holds the world record for the biggest burger. It was 10 ft in diameter & weighed in at 2,014 pounds.
- PETA once offered the town of Hamburg, NY \$15,000 to change their name to Veggieburg.
- On average, Americans eat 3 hamburgers a week.
- The Hamburger Hall of Fame is located in Seymour, WI.

## What Did They Do All April?

If you've got kids, it's very possible that their rooms can be a vast wasteland, completely filled with "good stuff". "Messy" is too kind of an adjective to describe the conditions. It's impossible to walk through the room. Every dresser and shelf (and under the bed), is packed with everything imaginable. Dust has been piling up as long as your child has been around. Comfy, cozy, and quite livable to the child, it's an everyday source of frustration for the "folks". To mom and dad's delight, and every child's chagrin, "Clean Up Your Room Day" arrives every May 10th. Get out the shovels. Call in an industrial sized dumpster. It's time for everyone to clean your rooms!
